THE DIRECTOR OF  
CENTRAL INTELLIGENCE

National Intelligence Council

4 October 1984

NOTE FOR: Chairman, National Intelligence Council

Bob,

We find that Walt Raymond is going to call another CPPG on Marti soon, perhaps as early as Monday, 15 Oct. In view of your TDY, you may or may not wish to have him postpone such a date.

[redacted] I will in any event be giving you an updating memo later today. Nothing startling; [redacted] just trying to breathe some life into a pallid patient.
